

Standards for Directory Listing

In the midst of an unsettling divorce, those people seeking services often have difficulty evaluating who will provide the kind of services they need among the growing volume of resources and specialists. Consistent with our mission to ease the trauma of divorce, we seek to provide a list of appropriately caring services through our Directory. Beginning this year we have developed the following guidelines toward that effect.

- 1) Professions currently licensed by the state to offer services directly to the public, may be listed as before. These include Attorney, Psychologist, Licensed Independent Clinical Social Worker, Licensed Marriage and Family Therapist, Licensed Mental Health Counselor, Rehabilitation Counselor, Educational Psychologist, Divorce Coach, Certified Financial Planner, Certified Divorce Financial Analyst, or Certified Public Accountant. Any subspecialty listing (e.g. guardian-ad-litem) may be listed, if the applicant also meets the above requirements.

Other services, such as a Coach, Mediator, or Parenting Coordinator, must be a mental health provider or attorney as described above.

Those persons who are currently in the directory, but do not meet the above requirements, will be allowed to remain in the directory as long as they continue to support our mission and maintain current membership.

Those organizations, which are state-authorized to offer services under the aegis of that organization, will be included under the provisions below.

- 2) Group or Firm Listing – If a group wishes to be listed as a single entity, they may choose to sub-list all persons who are considered qualified to practice under the supervision of the principal in the organization. Fees will be based on the number sub-listed as follows:

1-5 members	\$200 for directory listing and memberships
6-10 members	\$400 for directory listing and memberships
11-15 members	\$600 for directory listing and memberships

(If any member of the group wishes a listing apart from the group, they must meet the qualifications and fees of the independent professionals.)
